LISTING OF CLAIMS:

- 1.(Currently amended) A hoist for relocating at least building material, wherein said hoist is suspended from a crane, said hoist comprising:
 - a "C" shaped frame having two arms, one arm being an upper arm and the other arm being a lower arm;
 - a sliding means disposed at the front end of the upper arm of said frame for sliding said frame on a floor;
 - a hooking means <u>comprising a hook</u> connected to the lower arm of said frame for suspending <u>a material tray</u> on said frame.
 - a lifting cable for connecting the frame to a crane and for adjusting the distance of said hook from said frame when said frame is lodged on the floor.

2. (Cancelled)

- 3. (Original) A hoist for relocating at least building material as in claim 1, and wherein said sliding means is a wheel.
- 4. (Original) A hoist for relocating at least building material as in claim 1, and wherein said hooking means is at least vertically relocatable with respect to said frame.
- 5. (Original) A hoist for relocating at least building material as in claim 1, and wherein said hooking means is horizontally relocatable along the lower arm of said frame.

6. (Cancelled)
